Green agent

Environment

Resources

## So...why choose me? Because, besides being a great real estate agent, I am a Greenagent.

What does Greenrealestate mean?

Greenrealestate? promotes the sales and marketing of real estate that:

- Preserves natural resources,
- Protects air and water quality,
- Produces less toxic pollution and waste,
- Utilize readily renewable resources,
- Utilizes recycled or reclaimed materials,
- Promotes Energy Conservation and Energy Efficiency,
- Promotes Environmental awareness,
- Reduces Green House gas Emissions
- Reduces annual energy costs,
- Promotes good design and quality,
- Reduce construction associated waste
- Minimizes the use of toxic materials to reduce the emission of poisonous indoor emissions,
- Uses adaptable materials that can be reused or recycled.
- Helps leave the world a better place for future generations

## Besides a member of TREB. I am a member of NAGAB

NAGAB is Canada's largest Non Profit association of Greerealestate Real Estate agents. The Association is committed to promoting ways and means of reducing greenhouse gas emissions.

## I am a member of TREB, OREA, CREA and NAGAB

I am, of course, a member of TREB, The Toronto Real Estate Board, a member of OREA, Ontario Real Estate Board, CREA, Canadian Real Estate Board and I am also a member of NAGAB, as well.

NAGAB is the National Association Of Green Agents and Brokers (NAGAB) is Canada's largest Non Profit association of Greerealestate? Real Estate representatives. The Association is committed to promoting ways and means of reducing greenhouse gas emissions, increasing building energy efficiency, conservation, overall sustainability and environmental awareness. The association offers an affordable Greenrealestate? program for real estate representatives leading to the commercial and residential Accredited Greenagent? and Accredited Greenbroker? (AGA? & AGB?) designations.

Greenrealestate?; designees provide a means by which consumers are able to find real world green expertise in their real estate representatives. As a Greenrealestate?; professional we feel we can have a real long term positive impact on our community. This is the reason while we got our designation that will help us make it happen!

A growing number of ?green conscious/savvy? home buyers and sellers are emerging into the marketplace. They want energy efficient and eco-friendly homes. As a REALTOR® it is important that we are educated on ?green? real estate and remain on the forefront, so that we can deliver the best possible service to our clients. With the knowledge that we acquired by taking the Greenrealestate program? we have developed the skill set required to market and sell ?green? real estate. We enjoy working with the ?green conscious/savvy? clients as well as the ones that want to learn to become green conscious. We like to create awareness on how important it is to conserve energy and to make environmentally-friendly choices. We are able to make recommendations and provide tips and advice in everyone?s home, which our clients respect and trust. Many of our clients trust us with their referrals to their family and friends.

## Why wouldn't anyone want to...

### Conserve energy...

The truth is that everything single thing we do every day has an impact on the planet, good or bad. The good news is that as an individual you have the power to control most of your choices and, therefore, the impact you create, so you can start with your choice for a real estate agent.

## become green in their choices?

### Seek environmental sustainability...

I am an advocate in spreading the Greenrealestate? philosophy and I am a positive force in supporting the sales of sustainable and energy efficient residential homes and communities.

## Why wouldn't everyone want to...

### Engage in environmental conservation...

I have incorporated Greenrealestate? principles into our practices, I can list and market green properties as well as guide buyers in purchasing and leasing green homes that are energy efficient and environmentally sustainable. I try to be up to speed with the latest green information.

## Be energy efficient...

### And choose green agents to work with...

But embracing a greener lifestyle isn't just about helping to preserve equatorial rain forests, it can also mean improving your health, padding your bank account, and, ultimately, improving your overall quality of life. So, why wouldn't anyone want to green? Chose to work with a green agent.

# I try at all times to promote energy conservation, efficiency & environmental sustainability in the properties I sell and lease
