

Top 10 Moving Tips

- Arrange **Truck Rental or Movers** A.S.A.P. They are booked quickly, so this should be your first priority!
- **Enbridge Consumers Gas** – call for a final reading and hook up in your new home
- If your current home is **oil heated**, you will need to have your tank filled on closing.
- **Toronto Hydro/Scarborough Utilities** – call for a final reading and hook up in your new home
- **Bell Canada** – call to have your phone service cancelled and reinstated in your new home (obtain new telephone #).
- **Insurance** – Home, auto, life – Contact your broker to change address on all insurance. If you had to change bank accounts due to the move, and you pay by automatic withdrawal, provide new void cheques. You will have to transfer your current property coverage to your new home.
- **Change of Address Notification** – Get one from your local post office (cost: \$30.00 + tax). This forwards any mail from your current address to your new home for 6 months time (this can be renewed if necessary for an additional \$30.00).
- **Rogers/Shaw Cable** – call to have cable service transferred to your new home.
- **O.H.I.P.** – contact the Ministry of Health – Health cards have expiry dates, and telephone service cancelled and you will be contacted by mail should you approach expiry, in order to have your coverage renewed. It is VERY important to have your address changed with the Ministry. *If your coverage expires and you are unaware, you could be refused health care.*
- **Driver's License(s)** – with old style licenses, mail in the change of address section; with the new one-piece license, contact the Ministry of Transportation to have a form mailed, or visit one of the licensing locations, and complete the form there.
- **Property Taxes** –submit your change of property ownership. Fax to 416-397-4829 or write to: City of Toronto, Finance Dept., Mailing Address and Ownership Updates, 850 Coxwell Ave., Toronto, ON, M4C 5R1
